## **Directions to The Nature Conservancy's Port Susan Bay Preserve**

*(Note: Not open to the general public; prior permission required for each visit)*

### **From the North (Bellingham):**

Take I-5 to the Conway exit (Exit 221). Head southwest (RIGHT) on Hwy. 530 (Pioneer Highway) towards Stanwood. When you get to Stanwood, turn RIGHT (west) on Cedarhome Drive, cross the train tracks and take the LEFT onto Florence/84<sup>th</sup> Avenue which eventually becomes Marine Drive. Continue for a couple of miles on Marine Drive and look for a yellow "caution" sign for Boe Road turning right. There is no road sign on Boe Road; however, there is a sign for Norman Road on the left which is directly across from Boe Road. Turn RIGHT on Boe Road and continue to the end. The paved county road ends right at the dirt driveway of our property. Please park next to the green house or along the edge of the drive. Please do not block dike or road access.

### **From the South (Seattle) via Stanwood:**

Take I-5 North to Exit 212 (Route 532 to Stanwood). After exiting turn LEFT. Go under the freeway overpass and head west towards Stanwood. Travel 5.6 miles to 88<sup>th</sup> Avenue NW and turn LEFT. (You will see a Rite Aid Drugstore in the shopping center on your right.)

Travel 0.2 miles to Marine Drive and turn RIGHT. You will see a Park & Ride on your left. Continue on Marine Drive (which is somewhat curvy) for 2.1 miles and make a RIGHT onto Boe Road. (There is no street sign at Boe Road but there is a yellow "caution" sign announcing the right turn just before, and Norman Road which is directly opposite Boe Road on Marine Drive does have a sign.) Go to the end of Boe Road which is where our property begins. Please park next to the green house or along the edge of the drive. Please do not block dike or road access.

### **From I-5 via Island Crossing (Hwy. 530/Exit 208):**

From I-5 take Exit 208 (Hwy. 530 – Arlington/Darrington exit) and head WEST on Hwy. 530 towards Silvana. Go through Silvana and the road curves right. After crossing the bridge, turn LEFT on Norman Road. Stay on Norman Road, windy through dairy country for a few miles before you get to the STOP sign at Marine Drive. Go STRAIGHT through and the road turns into Boe Road. Go to the end of Boe Road which is where our property begins. Please park next to the green house or along the edge of the drive. Please do not block dike or road access.
